## Collaborative ambience to your agents / channel partners Desired convenience to your customers

Competing in a bustling insurance marketplace like Llyods requires agility and access to smart business tools. And now, with the post-downturn era, it matters all the more. Personal lines insurance notwithstanding new opportunities still remains very competitive, for there are ample choices in the hands of customers, far more than ever.

Your insurance agents and channel partners hold the key to push your brand amidst the crowded insurance marketplace. Thus, your competitiveness hinges directly on their overall efficiency, right from their administrative processes to insurance selling route.

RAPIDSURANCE dynamic quote engine provides you the ability for better efficiency and visibility into the processes of administering insurance sales force, which will play a vital role in:

- Growing more self-reliant as you manage transactions faster online
- Improving time in generating quotes and proposals from hours to minutes
- Dramatically shortening the time to market for new insurance products / campaigns
- Benefiting from regular supervision of premiums' records
- Switching into submissions and policies without a glitch
- Lowering product penetration and promotion costs in a progressively more cutthroat market
- Immensely improving regulatory compliance and statutory accountability

On the other hand, this also transfers a slew of advantages to your customers, which fosters your brand belief and helps in retaining and cross-selling.

- Ability to choose insurance products with utmost transparency
- Ease of online payment
